New America Celebrates the Grand Opening of Fairlawn Townhomes

On Friday, April 20, 2012, New America Corporation celebrated the grand opening of Fairlawn Townhomes, located at 260 Fair Street, Orangeburg, SC. Many community members and leaders attended the event. City of Orangeburg Councilwoman Liz Zimmerman Keitt and The Bank of Clarendon Vice President David Elliott gave remarks at the ribbon cutting.

The new townhouses consist of three bedrooms and one bath, an open kitchen, living room and dining area floor plan, and energy efficient appliances. The townhomes feature luxury amenities such as granite countertops, wood laminate flooring and landscaping. The homes are also equipped with energy-efficient heating and cooling systems.

“New America is committed to providing affordable, attractive and energy-efficient rental housing for the Orangeburg community,” said Adolphus Johnson, president and CEO. “Fairlawn Townhomes represents a model for housing development that can enhance older neighborhoods while creating affordable housing opportunities for working-class families. We’re excited about the opening of Fairlawn and look forward to helping families enhance their quality of life.”

New America Corporation is a nonprofit organization committed to helping individuals and communities access the American Dream through overcoming socio-economic barriers in the areas of education, housing, and business. More information can be found at www.new-america.org.
